

TIRED OF ALL THE WORK KEEPING RESTROOMS IN A WELL MAINTAINED STATE?

# The Solution

# NUVEX®

**DOTMAR**  
ENGINEERED ARCHITECTURAL PLASTICS

Designed for **cost efficiency** low maintenance and **durability**...

**NO maintenance and repairs**  
**NO cleaning of unsightly graffiti**  
**SAVE on the maintenance budget**

Nuvex sanitary partitions **would never** look like this...

## BENEFITS OF NUVEX SANIBOARD

- Will not break, swell, splinter or rust
- Will not delaminate or rot
- Solid colour throughout the material
- Strong, durable and impact resistant
- Resistant to mildew, mould and odours
- Graffiti resistant and easy to clean
- Chemically inert
- Environmentally sound
- 100% Recyclable

## CUSTOMER TESTIMONIAL FOR NUVEX

October 2008

Just a short note to let you know how **pleased** we are with our **new cubicles**. They seem to be **vandal proof**! I am yet to have a hinge or lock damaged, and each surface is in great condition. The students have been unwilling or unable to damage the surface in anyway. I would most **definitely recommend** this product to any 'high damage risk' application such as schools and public toilets.

## NUVEX SANIBOARD

The most economic and aesthetically pleasing alternative to traditional timber panel construction materials.

Resistant to mildew and odour, our plastic material will not rust, break or delaminate. Dotmar's graffiti resistant partitions virtually maintain themselves - and require no painting or post treatment.

Environmentally friendly  
timber replacement materials...

100% solid colour  
and not laminated  
product...

All fittings can be tailored to suit customer requirements.

Includes:

- Hinges
- Locks
- Door Handles
- Hooks

Pillar rebate eliminates gaps between the pillar and door ensuring total privacy.
