

Product Specification 5108 FG Black

Taconic's 5108 FG Black is a PTFE coated glass fibre product with a medium PTFE content. Used primarily as an oven liner, 5108 FG Black protects the bottom of the oven from drips and spills from the food being cooked thus saving the usual scrubbing and cleaning of the bottom of the oven. Once cleaned effectively, 5108 FG Black can last for many months. Standard width of 5108 FG Black is 1000mm.

Product Properties	Units	Value	Tolerance	Test Method
Reinforcing Substrate		E-GLASS		
Coating Type		PTFE		
% Coating	%	55	+/-2%	
Total Coated Weight	g/sqm	455	+/-5%	
Nominal Thickness	microns	215		
Coating Adhesion Strength	N/5cm	30	Typical	ISO 2411
		25	Minimum	
Tensile Strength	N/5cm	2500	Typical Warp	ISO 1421
		2000	Minimum Warp	
		1800	Typical weft	
		1300	Minimum weft	
Tear Strength	N	40	Typical Warp	ISO 9073-4
		25	Minimum Warp	
		30	Typical weft	
		20	Minimum weft	
Operating Temperature	°Celsius	-73° to +260°
